

BROOKFIELD ACADEMY MIDDLE SCHOOL SUMMER SCHOOL PREP COURSE DESCRIPTION AND OFFERINGS

*These classes are designed for incoming Level 6, 7, and 8 Middle School students. All one or two-week classes are \$100.00 each and are taught by Brookfield Academy staff during the first two weeks of August. **Sign up early, as class sizes are limited to 18 students.** If there is not enough interest to hold a course, it may be cancelled. This is only for Brookfield Academy students. All classes will be held in Freedom Hall, the new Middle School.*

Study Skills

This class is for students who want to master the skills that lead to better grades and more confidence in school. Some of the topics covered will include time management, organization, memory techniques, note taking, preparing for tests, and planning and carrying out long class projects. Students will practice responsibility by charting their progress through frequent self-assessments.

Grammar Basics

This class will include a quick review of parts of speech, punctuation, and sentence structure. The course is set up to benefit students at all ability levels. This class will measure the student's ability to handle grammar in the English and Language curriculum.

Level 6 and 7 Math (for all continuing Level 6 and Level 7 students)

We are serving a class for you to sharpen and review your math skills to be at the top of your game for next year's math course. You will love performing operations with integers, decimals, fractions, and percents. You will improve your grip on solving equations and story problems. The ball is in your court! This course is designed to review and reinforce math concepts. It is not intended to be a preview or to accelerate math students beyond their current class placement.

Level 8 Algebra (for all Level 8 students)

Are you ready for algebra? Take this class to be sure! You will conquer the distributive property and simplifying expressions. You will master solving multi-step equations and exponents and have fun in the process. Equip yourself for victory in algebra and get ready for Level 8! This course is designed to review and reinforce math concepts. It is not intended to be a preview or to accelerate students beyond algebra.

Singapore and More (for all NEW to BA Level 6 and Level 7 students)

This class will help students new to Brookfield Academy build confidence and skills for a successful transition to our math program. Students will learn the bar modeling strategy and practice mental math strategies, both of which are emphasized in the Singapore Math curriculum. Additionally, we will review key concepts from Level 6 math. This class is for Level 6 and Level 7 students new to Brookfield Academy only.

SUMMER PREP CLASS SIGN UP (Please detach and return to Middle School office)
