Western Roots	Textbook and workbook provided in class

Parents wishing to purchase an extra set of textbooks for home use during the school year can often find used copies online at www.amazon.com. Usually the ISBN needs to be typed in without the spaces. In addition, current Level 6 parents will let the Middle School office know if they have books to sell. Please check with Mrs. Wollering in the Middle School office in May and she will forward any parent names/contact numbers to you. Transactions involving the purchasing of used textbooks are between parents and are solely independent of Brookfield Academy Middle School.

****No textbooks can be given out to parents during the summer.**
